30.11. - 01.12.2010

Minutes Panel Discussion „Health Care industry“ Dec 1st 2010

Participants

Harmomed Kft (HU)

Needs detected

- To get external support and expertise - expert backing from doctors
- To overcome the mistrust of doctors in clusters
- Support from regional bodies
- Contacts and information regarding other clusters
- Co-funding from public resources (national as well as international level)
- Information about the possibility to become a partner in a project

Goals

- Improvement of the health care services
- Improve communication between doctors and patients and among doctors themselves
- Enhance the attractiveness of Hungarian health care services for foreigners (health tourism)

Meta-Cluster building

- Would be in favour of being a member of meta-cluster.
